### TEXAS WOMAN'S COLLEGE.

Two More Teachers Elected—Prospective President—Finance Committee.

The board of directors of the Texas Woman's College held an important meeting yesterday afternoon at 5 o'clock and elected two new teachers.

Miss Olga Buttell of Birmingham, Ala., was elected teacher of modern languages and art. Miss Buttell is a graduate of the Cincinnati art schools, has studied two years in Europe and will take a post graduate course abroad this summer. She has had several years experience as a teacher in Monroe College in Georgia, and is now teaching at Birmingham Seminary, Birmingham, Ala.

Miss Lula Hollis of Keachi, La., formerly a teacher in the Bryan city schools, was elected a teacher in the literary department of the college. She has taken post graduate work at the University of Tennessee, located at Knoxville, since her residence here. She is an accomplished teacher and many friends will learn with pleasure that she is again to make her home in Bryan.

The Eagle is advised that the chances are splendid for securing as president of the college a prominent educator from Kentucky. This matter will be determined in a few days.

The board is in receipt a telephone message from Mr. R. D. Steele of Houston that he will be here on Thursday with the completed plans and specifications for the college building. Accordingly the contract for the building will be let Thursday, March 22, and a bond will be required insuring the completion of the building in four months, or by Sept. 1.

Dr. Geo. B. Butler, chairman; J. Webb Howell, A. W. Buchanan, T. R. Batte, J. H. Suber, E. J. Fountain and F. M. Law were appointed a finance committee to take immediate steps for raising funds to erect the building, for which about half the necessary amount has already been subscribed.

### MRS. WILLIAMS GONE.

Daughter of Sam Houston Passes Away at San Antonio.

San Antonio, March 13.—At the residence of her daughter, Mrs. Roy W. Hearne, Mrs. Margaret Houston Williams, the widow of the late Weston D. Williams, departed this life. She leaves four children.

Mrs. Williams had been ill for the last two years, following an accident in which her hip bone was fractured. Her death was the result of exhaustion resulting from this accident.

Mrs. Williams bore a great resemblance to her distinguished father. In the last years of his life she acted as his private secretary. She was possessed of unusual capability and mentality and was physically very vigorous until the accident occurred which resulted in her subsequent death. She was known all over the United States, and the circle of her friends was extremely large.

Mrs. Williams was born in Huntsville, Tex., April 13, 1848. She lived in Independence, Tex., until 1897, when she moved to Houston, later coming, in 1904, to San Antonio.

### AGAINST TAX BOARD.

Petitions For Permanent Injunction Filed by Railroads.

Austin, March 13.—Petitions were filed Tuesday afternoon in the Twenty-sixth district court by the Missouri, Kansas and Texas, International and Great Northern, Texas and Pacific, Denison and Pacific, Fort Worth and Denver City, Fort Worth and Rio Grande, St. Louis and San Francisco and the Paris and Great Northern railways against the state tax board et al. for permanent injunction to restrain the board from furnishing county tax collectors information under the Williams intangible tax bill; also to enjoin the state from enforcing collection of taxes. The court last week only passed on temporary application for injunction, which was refused. One of these suits will be tried Monday and will be made a test case. Should the court deny a permanent injunction then the railroads will appeal to the higher courts.

## WORK OF WICKLIFFES

Cherokee Indian Outlaws Ambush Deputy Marshals.

### THREE WERE KILLED

United States Officers Had Gone to Effect the Arrest of the Desperadoes and Were Lured Into a Trap.

Vinita, I. T., March 13.—Heavy armed officers hurried from all parts of the Territory toward the scene, twenty-five miles southeast of Vinita, in the Cherokee nation, where the Wickliffe outlaws killed three deputy marshals on Sunday night, and at last reports were still battling with the two remaining officers. According to the report received here the full blood Indians are going to the support of the Wickliffes, who are Cherokee Indians.

Marshal Darraugh has wired the department of justice at Washington asking authority to swear in 100 additional deputies and to offer \$1,000 reward for each of the outlaws dead or alive.

The ambush laid by the Wickliffes for the six deputies on Sunday night was cleverly planned. The officers were led into it unsuspectingly and were fired upon without warning. The deputies fought desperately, and for a time escape for any of them seemed impossible. In the fight that ensued three deputies, I. T. Gilstrap of Kansas, Ods Tuttle of Vinita and Richard Terry of Tahlequah, I. T., were killed.

Thomas Wofford, one of the deputies who escaped, carried the news to Tahlequah and Marshal Darraugh issued orders to rush every deputy marshal in the Northern district of Indian Territory to the scene.

The deputy marshals were searching for the Wickliffe gang for the murder of Deputy Vier when ambushed. Their horses were shot from under them, and Deputies Gilstrap, Tuttle and Terry were killed outright. The other three sought shelter behind rocks and Wofford was sent back on foot to Tahlequah for reinforcements. When he left, the others were holding the Indians at bay.

The outlaws are said to be headed by Charley, John and Thomas Wickliffe, sons of a former justice of the Cherokee supreme court.

The three Wickliffe boys began their careers five years ago, when they were concerned in a stabbing affair at an Indian dance. Last March members of the gang killed Deputy Marshal Vier, and escaped after a battle with a posse. They are also credited with having committed many other crimes. Several famous Indian fighters went to attack the outlaws. Among them are two brothers of Tuttle, the dead deputy. The Tuttles belong to a family considered for fighting in the early days of Indian Territory. When the two brothers left for the scene they declared they would avenge the death of their brother.

After the battle the outlaws were besieged in the house of their uncle, Jim Wickliffe, at the scene of the crime. There is no telephone or telegraphic communication with the battle ground, and no news has been received from a large party of deputies, who went to the Spavinaw hills to capture or kill the outlaws. It was not expected that they would yield without a fight.

Thirty-five deputy marshals have been dispatched to the scene, and authority has been granted Marshal Darraugh by the department of justice to increase the number to 100.

It is reported that the full blood Cherokee Indians in the vicinity of the battle ground, commonly known as the Night Hawks, are joining the Wickliffes, and the authorities fear they will barricade themselves in the rough country and a desperate battle ensue before the outlaws are captured. The Wickliffes are members of the Night Hawks band, which has given the United States officers so much trouble in the matter of taking allotments.

The home of the Wickliffes is in the center of the Night Hawk settlement, where the battle occurred.

It is feared here that it may be necessary to call out the United States troops.

Deputy Gilstrap was appointed to succeed J. H. Vier. He leaves a widow and several children at Kansas, I. T. Tuttle and Terry were Cherokee full bloods.

### CHOKED BY NEGRO.

Wretch Frightened Away Before Accomplishing His Purpose.

La Grange, Tex., March 13.—While Mrs. Ed Langston, residing between Flatonia and Muldoon, was alone on Monday a negro entered the house and was choking her. Fortunately, she managed to scream, and this attracted her husband, working in a field. Some hours afterward a negro named James Henson was captured. Mrs. Langston identified him as the miscreant. He was jailed.

A case is now pending against Henson, he being charged with criminally assaulting a negress a year ago.

BY CARNES & WALLACE.

BRYAN, TEXAS, MARCH 17, 1906

A move for "union" cemeteries is the latest effort of organized labor in Chicago, where the motto is "Union from the Cradle to the Grave."

King Alfonso of Spain will wed Princess Ena of Battenburg June 20, and the Spanish parliament has already appropriated \$50,000 for the prospective queen. This wedding bids fair, with such an early send-off, to lower the White House record.

If reports are to be credited, Castro is running things with a high hand in Venezuela. His government is now referred to as "personally conducted," and he is credited with amassing a fortune of \$18,000,000 in six years by means of greed and oppression. With such ability he should move to the United States where he could affix the cyphers faster as a trust magnate.

### AN APPEAL.

Revival Services at Methodist Church, Beginning Sunday.

Next Sunday revival services will begin at the Methodist church. I desire, as the pastor of the church, to make an earnest appeal, not only to the members of the church, but to the christian people of Bryan, to take part in these services, and thus help to make a strong, determined, united effort against the forces of evil in our midst, and in behalf of the unsaved. I trust that every church in Bryan will be blessed as a result of the meeting, and that a new era of righteousness shall dawn upon us.

Rev. J. B. Andrews, of Siloam Springs, Ark., will do the preaching. He is one of the most successful evangelists we have today. Before securing his services I wrote to several pastors whom I know, who had secured his help, and therefore knew him personally as a preacher and worker, and their endorsement in every case is high. I wrote to Rev. J. W. Mills, Wills Point, and asked in regard to Brother Andrews' methods. His reply was: "His methods, in my judgement, are all right from every standpoint." I also wrote to Rev. J. B. Turrentine, Texarkana, where Brother Andrews had held a glorious meeting, resulting in nearly two hundred conversions and accessions to the various churches. His reply was: "Brother Andrews is a fine preacher and one of the most successful and least objectionable evangelists I have ever known. His methods are beyond criticism, from a Methodist standpoint."

Brother Andrews is assisted by Mr. Victor Howell, an accomplished singer, and a fine leader, and he will have charge of the singing. Now then, for a strong, hard pull, and a pull all together, by the religious forces of Bryan. The devil is at work every day, and night. In the name of our Lord I beg your help. Bryan needs a revival that shall be felt in every home in the town. God is ready to give it if His people will do their part.

I desire, therefore, to extend an earnest invitation to the ministers and members of the other churches of Bryan to attend these services and help us all you can that God may be honored and his cause advanced.

I. F. Betts,  
Pastor Methodist Church.

### GRAND JURY ADJOURNS.

The grand jury of the Brazos county district court adjourned finally yesterday afternoon, having returned a total of twelve indictments for felonies and four indictments for misdemeanors.

Six of the felony indictments were published yesterday. Of the remaining six indictments two are against Frank Crouch, former district clerk, one charging forgery in connection with his making bond as district clerk, and the other charging misappropriation of trust funds while in office. Crouch gave bond for \$500 in each case.

The officers did not make public the other four indictments yesterday.

### ATTENTION, CAMP J. B. ROBERTSON.

You are hereby ordered to meet at the courthouse at 2 o'clock p. m. on Thursday, March 15, 1906, for the purpose of electing officers, paying dues and electing delegates to the general reunion at New Orleans on April 25, 26 and 27. By order of B. F. Leman, Com. W. G. Mitchell, Adjutant.

### FIRE COMPANY ELECTION.

The Bryan fire company held a business meeting Monday night, at which the election of officers for the ensuing year took place, resulting as follows: Ernest Ettle, President; J. W. Hamilton, Vice-President; C. E. Jenkins, Secretary; A. E. Worley, foreman; C. M. Spell, first assistant foreman; Fritz Braatz, second assistant foreman; Joe Hearne driver. C. E. Jenkins was elected delegate and J. W. Hamilton alternate to the Firemen's State convention at Mineral Wells May 9th, 10th and 11th.

The annual report of Forman Worley showed that there were twenty-seven fire alarms during the past year, but no serious fire losses. The majority of the alarms were caused by flues burning out. It is due the company to say that serious consequences were averted more than once by the prompt and efficient work of the firemen. The report also shows that driver Joe Hearne made a percentage of 100 in attending all alarms. The attendance of members at fires has also been good.

### FAVORS BLANKET PRIMARW.

Judge Terrell Says People Must Have Entire Freedom.

Austin, March 13.—Judge A. W. Terrell has returned from New York, where he recently made a speech on the election law. He favors a blanket primary election, and while he refuses to talk for publication on the subject, it is believed that he will favor injecting it into the election law during the coming special session. He said unless the people are given entire freedom in selecting candidates for office that he would run for the legislature until he lost his head.

#### LITTLE POCKET PHYSICIAN.

Hyomei Inhaler that is Guaranteed by E. J. Jenkins to Cure Catarrh.

Thousands who have been cured by Hyomei call the inhaler that comes with every outfit "The little pocket physician," as it is so small that it can be carried in the pocket or purse.

Prior to the discovery of Hyomei statistics showed that at least 97 out of every 100 persons in this state were suffering from catarrh in some form. The remarkable results following the use of Hyomei are shown by the smaller percentage today of people suffering from catarrh.

There is really no excuse whatever for anyone having catarrh now that Hyomei is so ready obtainable. If you have any doubts about its value, E. J. Jenkins will let you have a complete outfit with the understanding that unless it cures catarrh, it will not cost you a cent.

A complete Hyomei outfit consists of "the little pocket physician," a medicine dropper and a bottle of Hyomei, and costs only \$1, while additional bottles of Hyomei can be procured for 50c, making it the most economical as well as the most reliable treatment for the cure of catarrh.

Do not delay longer the use of Hyomei if you have catarrh. This is a purely local disease, and Hyomei goes right to the spot where the catarrhal germs are present, destroys them, soothes and heals all inflammation, and makes a permanent and lasting cure.

## Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

**Kodol Digests What You Eat** and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only \$1.00. Size holding 2 1/4 times the trial size, which sells for 50c.

## PARKER MADE SPEECH

Delivers an Address Before Mississippi Lawmakers.

## LAMAR WAS LAUDED

Theme Former Presidential Candidate Dwelt on Was Democracy and What Party Should Stand For.

Jackson, Miss., March 13.—Alton B. Parker of New York delivered a notable speech on Democracy before the joint session of the Mississippi legislature at the Century theater Tuesday. Judge Parker reached the city Monday night from the Gulf coast, where his family is spending the winter. He was introduced by Chief Justice Whitefield of the supreme court.

After thanking the legislature for inviting him to address them, Judge Parker paid a high tribute to the character, ability and lofty manhood of the late associate justice of the United States supreme court, L. Q. C. Lamar, praising him as a statesman, a jurist, a citizen and a Christian.

In speaking on Democracy the judge declared no Democrats have become real bosses. He asserted it was the duty of the party to avoid demagogues and be conservative. Nothing, he said, should swerve us from the fundamental principles of the government.

"As Democrats we have much work to do of a serious kind. We have only the smallest responsibility for the fundamental evils which have put into peril the great moral heritage of our people. We have never bought or

sold options in the market of privilege or monopoly. We cannot gain or regain power by subterfuges, and we ought not to do so. If we have no principles fixed immutably upon ideas, and genuine attachments to the public interests, we shall then be without hope. If we cannot now see how vital a moral issue may be made on the side of both policy and righteousness, then we may as well abandon the field, and let either the corruptionist and the monopolist, or the radical, the destructive and the anarchist, have their way. Our history, our traditions, even our weaknesses, have always represented the antithesis of these, and we may feel sure that if we but do our duty a better fate than this is in store for us."

## HUNDREDS INTERRED.

Numerous Bodies of Coal Mine Disaster Laid Away.

Paris, March 13.—Hundreds of funerals were held Tuesday at towns surrounding Courriers, where the mine disaster occurred which resulted in the loss of more than 1,000 lives. Snow was falling, but lines of mourners filled every road, many of them carrying caskets, as numbers of hearses obtainable were insufficient.

The company's latest figures show that there were 1,212 victims of the explosion. Mining Director Meyer of Herne, Prussia, with his rescue corps of Westphalians, recovered twenty-six more bodies Tuesday morning. The heroic efforts of the Germans are exciting admiration and praise.

## DARING DEED.

Dozen Armed Men Enter Distillery and Rifle Office Safe.

St. Petersburg, March 13.—This city, which thus far has been singularly free from the carnival of robbery and murder prevalent in interior cities, was the scene Tuesday of a daring robbery. A dozen men, armed with revolvers, entered the government spirits distillery on Schlussburg embankment, held up the employees and rifled the safe.

## Wage Scale Adjusted.

Washington, March 13.—A committee of five representing telegraphers and station agents of the Southern Railway company agreed to accept the wage scale of that road. The wage scale as agreed upon does not contemplate a minimum or maximum wage, but has been adjusted with a view to fitting each individual case.

## CULBERSON SPEAKS.

Texas Senator Addresses His Remarks to Railroad Rate Bill.

Washington, March 13.—Vice President Fairbanks recognized in the senate Monday Mr. Culberson to speak on the railroad rate bill. He read a section of his bill to create emergency powers for the interstate commerce commission, which he will offer as a substitute for the pending measure.

Discussing the power in congress to regulate commerce, he argued that such power was not conferred by the "general welfare" clause, but was confined to specific provision of the constitution relating to commerce.

On principle and as an original question, Mr. Culberson said the power to regulate commerce includes the power to fix rates of transportation because transportation is commerce, and to fix rates is but adopting rules.

Mr. Foraker took issue with Mr. Culberson, when he declared congress itself had construed the commerce clause to give it power to fix rates in granting a Federal charter to the Union Pacific railway.

Mr. Culberson declared that rate-making was a legislative, and not a judicial, function.

The right of judicial review of an order of the commission already exists and inheres from the constitution, said Mr. Culberson. To incorporate it in the pending bill, he declared, would be but to recognize a constitutional right, but would answer no purpose that had not already been met. He opposed the use of the term "fairly remunerative" in the different bills, and also "justly compensatory." He said both raised a new standard not recognized in common law. He advocated, instead, the term "just and reasonable."

Mr. Culberson said that conditions had changed so that competition had been destroyed by mergers, combinations and traffic arrangements, and the interests of the country demand that these railroad corporations restore to the public what justly belongs to it. He spoke for two hours, his speech being devoted almost entirely to legal arguments.

Comments on extracts from court decisions quoted were made by Messrs. Foraker, Lodge, Heyburn, Fulton and others, following Mr. Culberson's speech.

## LONG LINE CHARTER.

Colorado, Texas and Mexico Road Will Be of Great Length.

Guthrie, March 13.—The Colorado, Texas and Mexico Railroad company, business offices in Mangum, Okla., Abilene, Tex., New York, Boston, Philadelphia, Chicago and St. Louis, and capitalized at \$75,000,000, was chartered to build a line from Cheyenne, through Wyoming, South Dakota, Colorado, Nebraska, Kansas and Oklahoma, to Corpus Christi, Tex., with branch lines into Mexico. The estimated length of the line is 2,500 miles.

## MARRIAGE DATE SET.

King Alfonso and Princess Ena to Be Wedded on June 2.

Madrid, March 13.—Premier Morett Monday officially communicated to the cabinet King Alfonso's betrothal to Princess Ena of Battenburg, who hereafter will be officially known as Victoria Eugenie. Later the two houses of parliament were notified. The minister of finance will present a bill appropriating \$50,000 annually for the future queen. The date of the marriage has been definitely fixed for June 2.

## RELEASED ON BOND.

Has Tuberculosis and Cannot Be Separated From Her Child.

Atlanta, March 13.—Mrs. Willie Standifer, who is charged with the killing of her sister, Miss Chappell Whisenant, last Friday, was released on \$5,000 bond. At her preliminary examination on Saturday Mrs. Standifer was committed to jail, bond being denied.

The case was taken to the supreme court, and the decision of the committing magistrate was reversed on the representation that Mrs. Standifer is a victim of tuberculosis, and that she has a young child from which she cannot be separated without danger to the child's health.

## MUST STAND TRIAL.

Idaho Supreme Court Refuses to Take Action Desired.

Boise, March 13.—The Moyer prosecution in the habeas corpus proceedings in the Stuenenberg murder case to strike from the answer of the Western Federation leaders all references to the arrest of Messrs. Moyer, Haywood and Pettibone in Denver, and their subsequent removal to Idaho, and all portions referring to the attempted conspiracy on the plea of Governors McDonald and Gooding and others connected with the prosecution, was sustained by the supreme court. This means that Moyer, Haywood and Pettibone, indicted for the murder of Stuenenberg at Caldwell, must stand trial for the crime.

## Dies Suddenly at Dallas.

Dallas, March 13.—While Martin Holland, sixty-six years old, a jeweler of Marshall, a native of Poland, but a Texan thirty-five years, was talking to some friends in the toilet room of the Oriental hotel Monday night he sank to the floor and expired within one minute. He was apparently in the best of health.
